themselves. The entire front on both banks of the river is still covered with wounded whom it is impossible to rescue owing to the artiflery fire Duchess of Brunswick and Crown Princess Cecilie which still continues."

"The bloody massacre," as it is described by those on the spot, among s sand dunes and the canals of Planders, shows as yet but few signs of

Apparently no quarter to being saked or given to this battle on the western front, and the land over which it is being waged consequently re-

Some German forces, according to the latest reports in London, succeeded in finding shelter enough among the sand hillocks to enable them to retain a footing between the Yaer and the railroad running from Dix-

German reinforcements are still rolling up and the efforts to break brough the line show no sign of cessation. Nor is it expected that they will outil the exhausted masses of men react the limits of their endurance. A call has been issued by the Belgian Government summoning all Scients between the ages of eighteen and thirty to enlist for the duration of the war and announcing that after Nov. 15 all bachelors are to be automatically enrolled.

#### Shells of British Warships Destroy Villages on Coast

LONDON, Oct. 28 (Associated Press) .- The Times' correspondent in leigium wires the following:

Observations from a captive British balloon has revealed how effective as been the fire of the British warships on Ostend, Middelkerke, Lombaert

syde and other coast villages. "Not a wall remains standing in the villages of Westkerke, Slype and levis. Several other villages are also in ruins. All this damage was caused

the artillery of the British ships." A despatch to the Daily Mail from Flushing, Holland, says

"Several mines have been washed schore along the coast below Ostend. All were in excellent working order, for they exploded promptly, doing.

"The Germans have fallen back alightly from Westende. They are putting the coast from Ostend to Knocke in a state of defense. At Ostend preparations are being made to place mines at the barbor entrance.

The Germans have commandeered a large quantity of lumber at Bruges for use in building a giant airship shed at Geldonck. Artillery is pains placed in the dunes between Huyst and Duinberg. Five trainloads of tillery have been taken to Zeebrugge."

& despatch to the Times from Berne, Switzerland, asserts that the Germans are receiving large reinforcements in Alsace and that the French are making great preparations to meet a threatened attack on Belfort, which is powerfully entrenched.
